

AMENDED IN ASSEMBLY APRIL 15, 2009

CALIFORNIA LEGISLATURE—2009—10 REGULAR SESSION

**ASSEMBLY BILL**

**No. 625**

---

---

**Introduced by Assembly Member Lieu**

February 25, 2009

---

---

An act to amend Section 14941 of, and to add Section 14944 to, the Health and Safety Code, relating to cigarette lighters.

LEGISLATIVE COUNSEL'S DIGEST

AB 625, as amended, Lieu. Novelty lighters.

Existing law requires the State Fire Marshal to specify standards for the design of cigarette lighters. Existing law prohibits a person from selling, offering for sale, or distributing a cigarette lighter that does not comply with those standards. A violation of these provisions is an infraction.

This bill would, in addition, prohibit a person, including a manufacturer, distributor, importer, or retailer, from selling, offering for sale, distributing, or offering for promotion an operable novelty lighter. The bill would define a novelty lighter as a mechanical or electrical device, operating on any type of fuel, that is typically used for lighting cigarettes, cigars, or pipes and that (1) is designed to appear to be a toy, (2) has entertaining audio or visual effects, or (3) resembles in physical form or function articles commonly recognized as appealing to, or intended for use by, persons under ~~18~~ 12 years of age. *The bill would exempt from these provisions a device that is (1) manufactured before January 1, 1980, (2) incapable of being fueled or lacking a means of combustion, (3) used primarily to ignite fuel for fireplaces or grills, or (4) printed or decorated with logos, labels, decals, artwork, or heat shrinkable sleeves.* A violation of this prohibition would be an infraction.

By creating a new crime, the bill would impose a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

Vote: majority. Appropriation: no. Fiscal committee: yes.  
State-mandated local program: yes.

*The people of the State of California do enact as follows:*

1 SECTION 1. Section 14941 of the Health and Safety Code is  
2 amended to read:

3 14941. As used in this part, the following terms shall have the  
4 following meanings:

5 (a) “Cigarette lighter” means a device used to light cigarettes,  
6 cigars, and pipes, but does not mean a match. “Cigarette lighter”  
7 includes a device, such as a watch, that may be used to light  
8 cigarettes, cigars, and pipes even though it is primarily used for  
9 other purposes. “Cigarette lighter” does not include lighters that  
10 are refillable and have a gross fueled weight of at least 35 grams.

11 (b) (1) “Novelty lighter” means a mechanical or electrical  
12 device, operating on any type of fuel, including butane or liquid  
13 fuel, that is typically used for lighting cigarettes, cigars, or pipes  
14 and that has any of the following characteristics:

15 (A) The device is designed to appear to be a toy.

16 (B) The device has entertaining audio or visual effects.

17 (C) The device resembles in physical form or function articles  
18 commonly recognized as appealing to, or intended for use by,  
19 persons under ~~18~~ 12 years of age.

20 (2) The devices described in subparagraphs (A) to (C), inclusive,  
21 of paragraph (1) include, but are not limited to, devices that  
22 resemble cartoon characters, guns *or other weapons*, watches,  
23 musical instruments, vehicles, toy animals, *cell phones, batteries,*  
24 *common household items*, or foods or beverages, or devices that  
25 play musical notes or have flashing lights or other entertaining  
26 features.

27 (3) “Novelty lighter” does not include any of the following:

28 (A) A device manufactured before January 1, 1980.

1 (B) A device that is incapable of being fueled or that lacks a  
2 means of producing combustion or a flame.

3 (C) A device used primarily to ignite fuel for fireplaces or for  
4 charcoal or gas grills.

5 (D) *A device printed or decorated with logos, labels, decals,*  
6 *artwork, or heat shrinkable sleeves.*

7 (c) “Operate” means the ability to cause a cigarette lighter to  
8 ignite.

9 (d) “Special design” means a design of a cigarette lighter that  
10 results in the cigarette lighter being significantly difficult for  
11 children under five years of age to operate.

12 SEC. 2. Section 14944 is added to the Health and Safety Code,  
13 to read:

14 14944. (a) No person, including a manufacturer, distributor,  
15 importer, or retailer, shall sell, offer for sale, distribute, or offer  
16 for promotion an operable novelty lighter.

17 (b) The prohibition contained in subdivision (a) shall not apply  
18 to the storage of novelty lighters in a location that is closed to the  
19 public for the purpose of distributing the novelty lighters outside  
20 the state.

21 (c) This section shall be enforced by the State Fire Marshal, any  
22 police officer, any local code enforcement official, or any state or  
23 local official authorized to enforce the provisions of this part.

24 (d) A person who violates subdivision (a) is guilty of an  
25 infraction and shall be punished by a fine not to exceed five  
26 hundred dollars (\$500).

27 (e) This section shall not supersede any ordinance enacted by  
28 a local jurisdiction prior to January 1, 2010.

29 SEC. 3. No reimbursement is required by this act pursuant to  
30 Section 6 of Article XIII B of the California Constitution because  
31 the only costs that may be incurred by a local agency or school  
32 district will be incurred because this act creates a new crime or  
33 infraction, eliminates a crime or infraction, or changes the penalty  
34 for a crime or infraction, within the meaning of Section 17556 of  
35 the Government Code, or changes the definition of a crime within  
36 the meaning of Section 6 of Article XIII B of the California  
37 Constitution.
